

Melissa Dvorak

Melissa Dvorak is the Marketing Manager for GHD, Inc.

Ms. Dvorak is a graduate of the University of Wisconsin-Madison, where she earned a B.B.A. in accounting. Melissa obtained her CPA and worked as an auditor at two large accounting firms in Minneapolis for five years. She then returned to school and completed the MBA program at Indiana University in 2004, majoring in marketing and strategy. Upon graduation, Melissa joined her family's business, GHD, Inc., and assumed the role of Marketing Manager.

GHD, located in Chilton, Wisconsin, has successfully designed and installed their patented two-stage mixed plug-flow digester system across the nation. In 2001, GHD installed its first digester in Wisconsin. Since then, GHD has installed 28 digester systems at 21 additional farms throughout the country. In total, these farms will process the manure from more than 50,000 cows.
