

John M. McWilliams

John McWilliams is the Resource Planner for Dairyland Power Cooperative.

Mr. McWilliams oversees Dairyland's energy forecasts and resource planning. A major focus of his work is renewable energy generation planning. He joined Dairyland Power Cooperative in July 1999 after previously working for Westinghouse Electric as a field service engineer on construction projects in Iowa, Saudi Arabia and Texas and working for AVO International as a Regional Technical Sales Manager in Texas, Malaysia and England. He grew up on a farm near Modale, Iowa and has a bachelors degree in electrical engineering from Iowa State University and a masters degree in business administration from the University of Wisconsin – La Crosse. He is a registered professional engineer in Wisconsin and a member of the Institute of Electrical and Electronic Engineers.
