Explore Iowa Agriculture CD

This CD-ROM has been designed to tie-in with the 5th grade Iowa history curriculum. It includes facts about agriculture in Iowa during the pioneer days and then provides an updated look at agriculture in Iowa today. Some of the activities on the CD-ROM are appropriate for individual learning, while other portions of the CD-ROM are suitable for teaching the entire class. The guide contains supplementary materials for the educator to use while implementing the CD-ROM. It can be tailored to suit your classroom format.
